

FUTURE FOOD MANUFACTURING EXPO

2018 | UTRECHT | THE NETHERLANDS
20-21 June | Jaarbeurs Expo Centre

Future Food Manufacturing Expo will be co-located with GFIA Europe in 2018. It will be Europe's first major international trade fair dedicated to essential sustainable technologies in food processing and production. As a business to business event, it will deliver a world class showcase of latest sustainable hardware and software solutions essential to preparation of food as it moves toward the consumer.

Bringing together thousands of food manufacturers and processors from across Europe and around the world, Future Food Manufacturing Expo is a major opportunity for suppliers to engage meaningfully with customers, resellers and distributors and to generate business returns as a direct result.

DON'T MISS THE OPPORTUNITY, BOOK YOUR STAND TODAY!

Exhibitors wanting to be a part of this major business-to-business opportunity should book now.
